

VOTING IN ARKANSAS

Who Can Vote?

To vote, you must be a U.S. Citizen, an Arkansas resident, be 18 years of age, and be registered to vote in the county where you live. Exemptions are for a member or spouse or dependent of a member of the armed forces. A person who has resided in an Arkansas county for at least one day may apply to register to vote. You must apply to register to vote at least 30 days prior to an election to be eligible to vote in that election. Persons deemed mentally incompetent regarding the ability to vote, and persons convicted as felons whose sentence has not been discharged or pardoned are not eligible to vote.

Who and Where to Register?

You may apply in person to register at the offices of the County Clerk, State Revenue Office, Motor Vehicle Office, Public Libraries, Public Assistance Agencies, Military Recruitment Offices, Arkansas National Guard, or any voter registration drive. To apply by mail, obtain an application from one of the following offices: County Clerk, the Secretary of State, or any of the offices listed above. An application to register to vote is also available at www.sos.arkansas.gov/elections/Pages/voterResources.aspx. Registration forms are available in English and Spanish. Registration is complete when the County Clerk's Office sends you a voter identification card with your precinct listed. If you do not receive a voter ID card within two weeks, call the County Clerk's Office to make sure your registration was processed. You can check your voter registration and view a sample ballot at www.voterview.org.

TAXES IN ARKANSAS

Property taxes in Arkansas are classified as real or personal. Real property taxes are levied on real estate, such as land, homes, other buildings, and on additions to these properties. Personal property taxes are levied on automobiles, boats, trailers, farm equipment and livestock, etc. Personal property is assessed at the County Assessor's Office between January 1 and May 31 by the individual. Personal property may be assessed in person, by mail, telephone or online in some areas. Real property is appraised and assessed by county assessors at market value. Taxes are calculated by applying 20% of market value and multiplying by the local tax rate. Real and personal property taxes become payable the first business day in March the year after the assessment and are delinquent after October 15. Military personnel are exempt when they provide proof of non-residency.
